

C805A

Magnetic Card Reader

FENGYU

C805A

Magnetic Card Reader

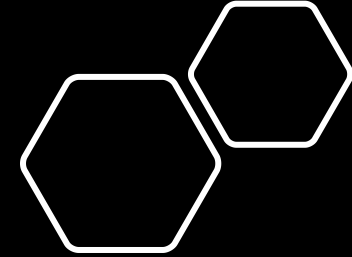

FENGYU

Main Features

- Build in antenna
- 122x32 dot matrix LCD
- 128 kb flash memory for storing access record
- Single pole double throw relay for controlling doorlock
- Real time clock with battery backup
- RS232 interface
- Software library for easy integration within applicaion
- Support Windows 95, 98, ME, 2000, NT, XP
- One optional external smart card reader
- Two optional internal SAM card readers

Application

- Access Control
- Time Attendance
- PublicTransportation Payment
- E-Wallet Payment

Technical Data

[Electronics]

Power supply: +5V/ DC10%

Current input: <120mA

Interface: RS232

Dimension(LxWxH) :144x103x33 mm

[Others]

Storage temperature: -40°C to+60°C

Operating temperature: 0°C to + 50°C

Operating humidity: 20% to 90%
